

Calculus  
Exploring **Real** Math

by  
The NUS High Math Interest Group (MIG)

12th November 2022

# Contents

# Part I

## An Introduction

# Chapter 1

## Instantaneous Change

*by Jiang Yuzhe*

## Chapter 2

# How do Limits Work?

*by Chong How*

## Chapter 3

# Graphically Understanding the Rules

*by Karimi Zayan*

# Part II

## Physical Applications

# Chapter 4

## Movement

*by Krishna*

# Chapter 5

## Displacement

*by Favian Lim*

# Chapter 6

## Area under the Curve

*by Ishan Sharma*

# Part III

## Extensions

# Chapter 7

## Substituting

*by Prannaya Gupta*

Differentiation and Integration often stems from a collective understanding of how small differentials change.
